Mr. C. M. Lippard, Sales Agent  
The National Cash Register Company  
9-11 Arcade Building  
Clarkburg, W. Va.

Dear Mr. Lippard :

We have a card, just received, from R. M. ROBINSON CO.,  
PIN BLUFF, Harrison County, W. Va. asking for full information regarding the Master Metal Scrip System and requesting a salesman to call. Note that B. M. F. U. S. CO., are listed at that point, the only two concerns in fact, that Dun's Mercantile Directory list there, so presumably this store serves Berry.

Are you situated to handle this item? We take it, it is in your territory.

Please advise fully at once and oblige.

The inclosed circular will enable you to determine just what assortment of scrip their requirements will call for. Had they specified the amount of monthly scrip business, we would have figured this out in detail, but believe you will find the process of arriving at this information, quite simple. Is the scrip is to be made up in the name of the Store company, then the IN TRADE reverse design will apply, but if made up in the name of the Coal Company, then the reverse side should carry the special wording to conform to the West Va. Scrip Law. You have both of these designs illustrated in the circular.

We are having a rough sketch prepared to indicate how the face copy will be raised letter embossed, if made up for and in the name of R. M. ROBINSON CO., also indicating the special design with which the scrip will be pierced.

Awaiting your immediate reply, so that we may handle the matter direct, if you are not situated to give it prompt attention, we are,

Yours very truly,

J. H. Schierloh

Mr. C. E. Higgard, Sales Agent,  
The National Cash Register Co.,  
411 Arcade Building,  
Charlottesville, West Virginia

Thank you for the letter, we received it. Regarding the  
National Cash Register Co., we have no opinion  
as to its value. It is no different than any other stock, perhaps  
you would prefer to buy it through the stock market. If  
so, please have no hesitation in writing us, since we  
do not want you to feel obliged to look after any item  
that doesn't offer you a prospect of a return for your  
effort. Please advise us promptly, so that we may  
take the matter up direct with prospect, if you so  
prefer, or if for any reason you are not so situated  
to give the item your attention.

Cordially yours,

My dear Mr. Schierloh:

Answering your letters of the 19th and 26th regarding inquiry from R. M. Robinson Co., Pine Bluff, W. Va. regarding metal money.

Was unable to call on this party as quickly as I would like to have done, due to pressure of other matters. However, I made a special trip over to see him Thursday of this week but Mr. Robinson was out of town and did not get an interview with him. They have a fair size coal commissary and are now using written orders, keeping a stub of the order in the book something similar to the old Braddock punch out scrip. The meat cutter told me he had heard Mr. Robinson speak of adopting metal money and it might be possible that if you will send him all the necessary data through mail you might secure a small size order. This store serves only a very, very small mine and I doubt if the volume is over \$1500 or \$2000 per month. They have a two total cash register and as this place is out in the country in an out of way place it would not justify my making another trip out there to see them.

Regretting that I was not able to get in touch with them sooner and hoping you can secure an order through mail, I remain

Yours very truly

Wm. R. Stuart Robinson.

Gentlemen:

With reference to your inquiry of recent date regarding the Master Metal Scrip System. Immediately your card came to hand, we asked Mr. C. H. Johnson, representative of the National Cash Register Co., to call on you and give you the details of the system, and it is with much regret that we note he was delayed in getting to you and that when he did call on Thursday of last week, you were out.

In your card, you failed to indicate the amount of monthly business, but even the slightest business, you will be able to readily determine your exact requirement and the very small cost in connection with the installation of this "just like cash" system. Since doubtless, the Scrip would be copy embossed with your store name, you would use the design shown at the upper right for the reverse side of your scrip. If it was made up in the name of a Coal Company, then the reverse side would have to have the special wording as shown in our circular, to conform with the law. We enclose herewith, a rough sketch showing how we would raise letters emboss the name etc., on the face side of your Scrip, also showing the letter "I" which we would pierce through each piece.

Scrip is assorted as to three different metals as shown in the sheet herewith. This, plus the piercing and the patented design tend to give you the ultimate in protection against any duplication. It is indeed not only a saving system - in both time and money - but a safe system as well and bear in mind, your first cost is the whole and only cost-- a most economical system.

You can depend upon our cooperation at all times and we shall await an immediate reply from you. It will be a pleasure to add your name to our long list of satisfied and successful users.

Cordially yours,

J. H. Schierloh.

P.S. The system will undoubtedly pay for itself several times over, the first year you have it in operation.

Mr. J.B.Moritz, Works Auditor,  
Elkhorn Piney Coal Mining Co.,  
Milwaukee, Wisconsin.

Dear Mr. Moritz:-

If your Stanaford office prefers any portion of their scrip nickled and will return same to us we will be glad to see that this is done.

Powelton's Scrip was forwarded on the 5th. This scrip was bright brass for all denominations excepting the 5¢ pieces which were copper. There is such a decided difference in the sizes of the higher denominations, that we have never seen any real occasion for making each denomination different as to material. The three smaller sizes, we grant, are "near" as to size and for that reason we cut ~~in~~ with a different metal for the 5¢ pieces.

However, be that as it may, we want to see your people satisfied and any suggestion they may have to make, let them feel free to make it.

By the way, the Powellton order was shipped short 43-5¢ pieces and 29-1¢ pieces for which due credit was given. If you prefer however, that this shortage be made up, be so good as to advise us.

Thanking you for past favors, we are

Very truly yours,

JHS-TNS

Ingle-Schierloh Company,  
Fourth Floor Schwind Building,  
Dayton, Ohio.

Gentlemen:-

We refer to your invoice of September 5th amount \$277.22 our order reference No.22855 destination of shipment Powellton, West Virginia. We note that we are being given credit for 72 pieces metal script and would be pleased to have you advise just how you arrive at deduction \$2.88. Assuming that each denomination carries the same material value, insufficient credit is being allowed us. Our assumption is based on the unit price of 7,000 pieces at a cost of \$280.00. We further wish to draw your attention to the fact that the correct total of this bill should be \$277.12.

Providing we are not entitled to further reduction account shortage, we will anticipate receiving a credit in the amount of 10¢ and immediately upon receipt, we will voucher this bill for payment, deducting 3% cash discount to apply.

Hoping that we may be favored with an early reply,  
we remain

Very truly yours,

J.E.KUPPERIAN, Auditor.

Re. Our Invoice Sept. 5, 1925  
Your order reference No. 22555

Gentlemen:-

The Patented Metal Scrip shipped you under above mentioned invoice was figured on a basis of \$4.00 per hundred pieces, irrespective of denomination.

The 7000 pieces of Scrip shipped and billed to you at \$280.00 is therefore correct, less of course due allowance for the 72 pieces short, which figured on the basis as above, amounts to \$2.86.

We acknowledge our error in the total of the invoice submitted, which should have been \$277.12 in place of \$277.22 and we enclose herewith credit memo for the difference of 10¢.

Very truly yours,

Att. Cashier

Gentlemen:

We have your letter of the 27th stating that you had a fire and that there is a possibility of some of your Scrip having been destroyed as a result and requesting that we advise what shipments were made you. We have furnished you, at various times, a total of each denomination as noted below, viz;

700	Pcs.	Dollars
700	"	Halves
1100	"	Quarters
2100	"	Dimes
2400	"	Nickels
5000	"	Pennies

May we suggest, in view of what you report, that should you deem it essential, in view of the possibility of loss through destruction as well as the possibility of loss through theft, to change the design of your scrip and have a new lot made up, that we will be glad to make you a very liberal allowance against our regular prices.

If we may be of further service, kindly let us hear from you.

Yours cordially,

Dear Mr. Salvati:-

We have your letter forwarded from Pursglove on the 2nd., of this month, requesting that we please hold up your order for scrip. Your order was completed and forwarded on the 27th of March and of course could not therefore comply with your request. Had the instructions come in time before we had completed the order, we would have been pleased to have complied.

Under the circumstances we trust prompt attention will be given our invoice for the scrip, which you will always have need of and which was of course made up for your especial use.

We really should have had both the scrip and the invoice when your letter was put in the mails on the 2nd of April as shown by the post mark.

GUSTON RUN SUPPLY CO.

\$105.00

We have been handed the above claim with instructions to bring suit immediately to effect collection. Clients advise that shipment of Metal Scrip was made up for your especial use and at your request and shipped to you under date of March 27th and that while the account is long past due and you have been written a number of times, their letters have been ignored and that the account still remains unpaid.

Before we refer this claim with instructions to our attorney at Morgantown we give you this opportunity to settle direct with this Agency or with our client and save yourselves considerable extra expense.

Immediate action is most important if you wish to avoid court proceedings.

Gentlemen:

We have your communication of October 1st and October 9th, dunning us for payment of metal scrip supplied to the Quincy Coal Company.

The writer is truly surprised and very much embarrassed in the position taken by you in regard to this invoice. Mr. Ingle came to Charleston in the summer and the writer spent a considerable part of his time with him in an effort to obtain orders for replacement of scrip to comply with the law, the result being that a large number of orders were diverted and given to your firm rather than to your competitors at that time.

Mr. Ingle stopped to see us on his return from Florida and the writer had been holding this invoice to take up the question of delivery with him as the script was late being received, however, this was ironed out at the time he was here. I think your records will clearly indicate that all of the companies which we represent have not only paid their bills but have done so promptly.

However, we are attaching you our check and would request that you kindly close our files on your records.

Yours very truly,

QUINCY COAL COMPANY

Mr. Chas. E. Albert, Auditor,  
Mining and Smelting,  
Charleston, West Va.

Dear Mr. Albert:-

We are very sorry indeed to have put our letter to you across any ill feelings. Surely Mr. Albert you know that we were not uneasy about the account. The writer and his Mr. Little's having a number of times expressed his high regard for your firm and especially for you personally. We certainly do appreciate the cooperation you have rendered and would deeply regret any breach in our past friendly relations.

Our terms of course are 10 days or 10 days net, and when an account goes beyond the net due date, we do follow it closely. Especially was this true since since we started our present company for we had considerable expense in getting things lined up.

You can understand that the writer cannot give personal attention to each individual account, when the statements are sent out or when collection letters are forwarded, although they are signed by him.

We sincerely ask your pardon if our letter gave offense and ask you to kindly overlook it and not to think that we singled you out or were in the least fearful with reference to your firm's account.

Very sincerely yours,

J. H. HUBBARD & CO.

My Dear Mr. Harless:-

Your favor of the 14th (Req.660) just came to hand and we are making immediate reply. Surely glad to hear from Imperial again -- Mr. Ingle and the writer were instrumental in getting your firm to install Patented Metal Scrip, and no doubt it has meant the saving of a great deal of time and money.

We shall be very happy indeed to make up the assortment of 2000 pieces, called for by your order and are making you a special price of \$65.00 on the lot -- all the scrip to be worded and "pierced" like the samples you submitted and to carry our Patented Design etc. on the reverse side.

Glad to report to you Mr. Harless, that we are enjoying a splendid business. We thank you again for your favor and assure you we stand ready to give your requirements our very best attention at all times. Let us hear from you by return mail. Wishing you the very best of success, we are

P. S. Note sample enclosed, worded to conform to the present West Va. Scrip Law -- we can make up your scrip accordingly, if you so wish and in this way you can gradually swing over with all your scrip to the new wording; "PAYABLE IN CASH ON PAY DAY WHEN DUE TO EMPLOYEE TO WHOM ISSUED"

*It would save time if you wired us immediately.*

The writer would appreciate you mailing him an outline, or drawing of this particular scrip in order that we might know that you have the idea what we want. The writer is responsible for getting this scrip, and since Mr. Mead, asked me to look after this for him, and has given me an idea what he wants, I want to be sure you get the idea also.

This Ravencliffs Development Co., is a new business Mr. Mead, is opening up and wants this scrip for the benefit of his employes. In shipping this scrip it will be necessary to send same by Parcel Post to Ravencliffs Development Co., McGraw, N.Y., Mr. Mead, expects to have a post office at Ravencliff, later on, consequently he wants this address on his scrip.

You will also note that the word Ravencliffs in the Development Co., ends with "s" but in the proposed I. O. address it will just be Ravencliff, the "S" is dropped on this. Watch this in particular please. On receipt of your drawing or outline, in order that the writer will feel confident that you have the idea on what we want, then I will promptly advise you to go ahead and have this made up.

Mr. W. F. Clark, Gen'l Store Manager  
C. H. Mead Coal Company  
East Gulf, W. Va.

Dear Mr. Clark:

Thanks for your favor of the ninth. We are entering your order for prompt attention.

Have rearranged copy slightly from the rough sketch sent you, as I recall it, not having made a duplicate, throwing the contemplated P.O. word "RAVENCLIFF" above the piercing and closer in to the center of the piece, with the letters "W.VA" below the piercing. Have an idea this will work out better, since it allows more area for the word Ravencliff, as follows;

RAVENCLIFFS DEVELOPMENT COMPANY

all pieces  
to be of brass

1.00  
RAVENCLIFF,

smaller pieces  
to show abbrev-  
iation of "Company"

R - - - - piercing

W. VA.

To be shipped via Parcel Post to Ravencliff's Development Company,  
McGraw, W. Va. and invoice in duplicate to same point.

Cordially yours,

J. H. Schierloh.

Dear Sir:-

We have repeatedly called your attention to the above PAST DUE Invoice, requesting payment. Our requests have been ignored.

Recently we made Draft on you for the sum mentioned through the Monongahela Bank at Fairmont. The Bank just informs us that you paid no attention to their requests for payment.

This means just one thing -- we shall be forced to place the account with our attorneys and instruct them to enter suit to collect -- unless we hear from you within seven days from date of this letter.

You can save yourself additional expense by mailing your check at once, using the enclosed return envelope.

Respectfully,

Attention J. H. Schierloh:

Replying to your letter of the 25th,  
in reference to Emilio Colosimo, Rivesville; I would  
suggest that if you cannot collect from him that you

Dear Mr. Layton:-

We are inclosing invoice covering shipment of your recent order for 1/2 PATENTED 'MASTER' METAL SCRIP which went forward on the 28th.

Accept our thanks for your suggestion regarding Emilio Colosimo. We shall take up the matter with Mr. A.D. Showalter, preferring naturally, to settle the matter in some amicable way rather than by enforced collection - a step in fact which we are seldom obliged to take and certainly never willingly or until every other attempt has failed absolutely.

We trust your business is running along smoothly and that you will suffer no handicaps as a result of the proposed Union activities.

Have us in mind when again in need of additional SCRIP and please accept our kindest personal regards and best wishes for your own individual success.

My Dear Mr. Showalter:-

Isn't there some way that suggests itself to you, whereby we can effect an amicable settlement of the account noted above? Since he takes in your SCRAP, we are hopeful that there may be.

We are seldom called upon to take steps to enforce collection of an account -- in fact never do it until every effort has failed. If in any way you can assist us in this matter, we shall indeed consider it a favor.

The Virginia and Pittsburgh Coal & Coke Co.,  
Morgan Lines Store,  
Riverville, W. Va.

My dear Mr. Spiker:

Thank you for your prompt reply to our wire. We did not want to proceed with the order with the prospect of a misunderstanding as to price in view of the fact that you used the symbol M ( thousand) after the hundred price quoted you, even though our quotation was specific. We gladly enter your order for the number of denominations, assuming these are all you require, although in pursuance of a former arrangement, if you should want the increased quantities under a spread of time, you are very welcome to them. In such case however, it would be best to notify us at once.

Since these denominations, so we now discover, are the first that we have made up for you, it might be well to state that the face die will read the same as the dollar size supplied you, on the Quarter size; on the Dimes and Nickels, we may have to obliterate the center copy stamp and leave off the "Morgan Lines Store" as was done on the Penny size sent you.

These also, will be the same thickness as the Penny size.

Trusting all is clear and sincerely thanking you for this further expression of your confidence, we are

Re: #2089 Yours vs Silver Creek Coal Co.

Dear Sir:

Our Welch correspondent writes us as follows:

"Replying to your letter of the 3rd instant, we beg to advise that we have several claims against the debtor concern and they promise to pay them.

"The company is in bad shape financially and we doubt if collection can be enforced. If clients want to try the matter out, send us an itemized sworn statement of the account and check for \$5.00, court costs, and on receipt of same, we will start suit."

Evidently from the tone of this letter debtor has acknowledged the claim yet I do not understand the attorneys expression "to try the matter out". Suit may force the issue and at any rate will establish a lien when judgment is taken.

Let us know that your notion is so that we may answer.

Your letter of June 18th at hand and in pursuance of your request  
we enclose herewith our check in the sum of \$5.00 as advance for  
costs. Will you please prepare the affidavit for the writer's signature  
and mail same to him or notify him and we will arrange to call at  
your office, if that is deemed advisable.

Please suggest to the attorney that we go after debtor aggressively  
since your client is desirous of seeing the matter brought to a head  
at the earliest possible date.

In re. our claim vs. Irwin Supply Co. Greensburg, Pa. in the amount  
of \$100.00 - wish you would "crowd" the attorneys handling this item.  
The amount is of considerable consequence to us and we are especially  
anxious to see this claim paid. We believe debtor to be well able to  
pay if duly pressed.

Friend Paul:-

Presume we will have to watch our step on the matter of price - the other fellow is running rampant and on our heels. Had a little "reflex" on Slab Fork Coal Co., - a letter from Messner stating our price was somewhat out of line. Immediately wired him that we had quoted regular price on that assortment, but rather than sacrifice sale would allow 20% discount. Have his authority to proceed.

On Bellwood Coal Company, which we presume is the same as V.S. Wood, Trustee, we quoted special price heretofore of \$29.00 per thousand -- 2500 pieces. Presume we had better conform to this figure in this instance -- note you say 3000 pieces. Also agreed to cut-out in this case. Nothing in it at that figure, but we are determined not to let the other fellow oust us. Personally, we much prefer, and would it were possible, to have a standardized system of pricing - but it's a case of being in Rome and having to do as the Romans do.

On the Seneca orders, we made the prices \$27.00 and \$25.00 per thousand respectively - in the one case 5000 pieces, the other 10,000 pieces - with an additional charge of \$1500 for engraved dies -- outline engraving of Indian head on each piece as was suggested.

These are very low figures, but for reasons stated, we shall have to carry on in this manner for the time being, or at least until the opposition peters out and matters become stabilized. What perfect fools some mortals can make of themselves. Well, we are enjoying good business and will be in at the finish -- that's that.

Thank you sincerely for these favors - we'll continue to spread the  
304 (3) E Gospel. Best o' luck to you.

Cordially,

jhs/H

P.S.- Didn't have "location" for Seneca Stores Co.- will you please fill in. Also, presume you can get some sort of sketch of Old Chief Seneca for our guidance. They probably are using the head as a trade-mark.

Dear Mr. Schierloh:

Please send me an order for 3000 pieces at \$35.00 per 1000 with design, and I will have Mr. W. S. Wood of the Bellwood Coal Company sign it and return to you.

Please also submit me two orders, one for 5000 pieces and one for 10,000 pieces for the Seneca Stores Company. This is a crowd who have bought out two or three stores, and will run them under this name. The scrip need not bear the address, but we would like the design to carry an Indian Head if this is possible. Will try to get the order for 10,000. If not will make it on the 5000. Perhaps it would be a good thing to cut the price a little if 10,000 pieces are purchased.

Dear Mr. Schierloh:

Attached you will find signed order of the Bellwood Coal Co. Please have this shipment sent to this office, but do not ship or bill customer before July 21st. Perhaps you had better send me the invoice with the shipment, and I will personally deliver it to Mr. Wood in Charleston, as he does not wish the matter taken up with Bellwood.

Regarding the Seneca Stores Co.—These people are yet undecided whether to have a separate scrip for each store, or use the same in all stores. Such a decision will be made this week.

Please let me know your opinion as to putting an Indian Head on coins when the U. S. Pennies have such a head. Do you think Uncle Sam will object?

The Seneca people seem to want the Indian Head on the side of the coin usually used for your trade mark. On the other side they want their name and amount. Will such an arrangement make any difference in your price?

The location of the Seneca Stores is at present confidential. In fact the writer is not positive but thinks it is the Nelson Fuel with others in Greenbrier County.

We think a private mailing card similar to cut attached a wonderful idea, and if such a cut is made, I would like for you to have some printer make me up three or four Thousand blotters. If it is going to be necessary to make up a new plate, I suggest you use some Coal Company better known than Black Star. We expect this week to get an order for three machines from the West Virginia Coal & Coke Company (Junior Mercantile Co.), and they would be good people to use. The Amherst Coal Company is another good one.

Very truly yours,

July 5, 1927.

Dear Mr. Paul:-

Yours of the 2nd. Will take care of the Bellwood Coal Co., Scrip order as suggested -- forwarding the Scrip direct to you as well as the invoice,

Re. Seneca-- should their Scrip be made up separately for the several stores, this will necessitate so many more sets of face dies as well as separate handling of each set of Scrip. In such a case we should get around \$35.00 per thousand pieces -- will leave this entirely in your hands to work out as you may see fit. Whatever you do will be O.K.--absolutely - so have no hesitancy in exercising your own judgment in the matter.

Don't think any trouble will ensue from using an Indian Head on the Scrip, than would from using a figure 1, 5, etc. --the Head on the U.S. Penny is now obsolete anyway. You understand that this would be an "outline" engraving -that is - no raised cheek-bones etc. A profile of the face with head-gear.

Yes, if they should definitely conclude that they wanted the Head on the reverse or design side of the Scrip as suggested in their letter, it would make a difference -- we'd be obliged to make up a complete new set of stock dies, a rather expensive procedure, since these are larger and more costly to make than face dies. In fact the cost would <sup>probably</sup> run about \$50. more- and I'm afraid this would make the price seem high. Steer the Bark away from that Shore if possible.

That we said above regarding the use of your own judgment in the matter --holds good on the above stock-die question too. We always use the argument that in doing this you are apt to sacrifice the patented features of the Scrip around which your whole protection is centered and seldom are called upon to use other than our regular stock dies.

Dear Mr. Schierloh:

Mr. A. M. Cramer of The Seneca Stores Co.  
Ronceverte was in to see us yesterday about his scrip.

He asked us to order him 8000 pieces of  
scrip leaving out the pennies. I would suggest that you change  
the assortment on your 10,000 piece order to the following.  
1500-1.00 ; 1250-50¢; 1250-25¢; 2000-10¢; 2000-5¢. — *OK for 8000 pieces*

As your price on the 10,000 piece order  
called for \$26.50 per thousand we made this order \$28.00 per  
thousand and \$50 for the Indian Head.

I would suggest that you go to the library  
and get a picture of Chief Seneca to reproduce and to also  
add in some place Pat. Pending. It might be a good stall.

One side of scrip is to have "Good for  
Merchandise Only" and "Not Transferable" and show the amount.  
The other side to have the Indian Head with "Seneca Stores Co."  
around the top of head.

Mr. Cramer is very anxious to start this  
scrip Sept. 1st. so ~~you~~ will have to have it rushed and ship  
not later than Aug. 27th. Suggest that you mail him a con firmation of the order, to Ronceverte, W. Va.

Trusting that you will do all you can to  
get this out at once I am,

Mr. V. C. Paul, Sales Agent,

Friend Paul:-

Yours of the 15th, re. SENECA STORES CO.

Will make up the assortment as suggested and bust a trace to get the order off by the twenty-seventh as requested.

On the one side, we shall run the amount in the center, in as large figures as possible, with "Good For Merchandise Only" around the top side and the wording, "Not Transferable" around the bottom.

On the other side we shall run the name, SENECA STORES CO. in as large lettering as possible, the Indian in the center and at the bottom in very small type, Pat. Pend. Ingle-Schierloh Co. Dayton, O.

With the large figures on the one side and with the variation in sizes, did not think it necessary to have amount on the Indian side.

The Scrip will be assorted as to materials. Thanks for the price adjustment to a slightly higher level. Appreciate your having this in mind wherever possible. We note the other fellow, when given a chance, comes very near the old time figure of \$45. per thousand. That's where, had he had brains, he would have kept it in the first place.

Give me more of YOUR slant on the Chestnut Ridge Supply Co., proposition. Are you working on this? Wish you were. When Merkle was here, we endeavored to get some information to that end, but didn't.

Do you know, for our records, what Coal Co's, this firm (Seneca) will serve? How many registers were involved?

Am acknowledging order to Mr. A. M. Cramer, henceverte, as requested.

Very truly yours,

Dear Sir:-

We are pleased to acknowledge receipt, through the Charleston office of the National Cash Register Co., of your order for 8000 pieces (properly assorted) Master Metal Scrip, and pledge you our personal and very best attention to the order.

As you know of course, there are a swarm of General Offices of Coal Companies in Charleston. Is there any way that we can convey the fact to them, that they can get full information on the MASTER PATENTED METAL SCIP SYSTEM through your office? Or, have they been thoroughly canvassed in this respect?

Shall be glad if you will give this some thought.

Mr. W. G. Paul, Sales Agent,  
The National Cash Register Company,

Dear Mr. Paul:-

Thanks for the Seneca Scrip order. Have written Mr. Cramer in pursuance of your request, re. shipping date etc.

Have heard nothing as yet from Umberger-- we had<sup>s</sup> prior to receipt of information from you regarding price other fellow gave them, made them a quotation of \$1.50 -- quite some difference, if you have the other fellow's figure correctly. And our price was based on Solid Nickel Silver, Heavy Scrip too. Moreover the samples we mailed them were right up to the scratch.

Considering the difference in price, multiplied by the quantity of Scrip they will doubtless need (approximately 40,000 pieces); and the further fact that this is material for the employees to carry about on their person (not souvenirs to be carried about) -- even if one were willing to grant a slight difference in appearance, we can't for the life of us, see how he can do otherwise than turn this business to us.

Very sincerely,

Dear J. H.

I am enclosing order  
for Coalburg Colliery Co. for 5000  
pencils for order issue.  
see assortment no design there  
but stamp either CCC on  
scrip or word RONDA use  
your own judgment. use or  
large letter on all designs  
as possible. perhaps if we  
would use location there would  
be less danger of similarity  
or for instance Consolidation Coal  
Co initial would also be CCC,  
altho a line underneath would  
make a distinction. I believe  
it much better to stick to  
this idea and eliminate  
cut-out wherever possible, and  
the cost of punching is an item.

This order should be rusted  
as they are entirely new having  
just purchased Coalbury  
from The Dickinson people.  
and are nervous about getting  
started when the new low  
takes effect. No former coal  
experience. Big power Co. and  
plenty of Jack.

Gentlemen:-

Under date of June 29th, 1915, we received from Mr. Ingle-Schmidt, on behalf of the Southern Colliery Co., for 5000 pieces of Total Scrip Assorted, the total price being \$175.00, less 3% ten days payment.

It has just occurred to us that another coal operation, located a mile or so away, shall be buying Scrip from you, that is the Dry Branch Coal Company. We would like, therefore, for our Scrip to be a different shape than that of the Dry Branch Coal Company, or if possible any other Coal Company on the Cabin Creek <sup>branch</sup> of the G. & C. In other words if the Scrip made up for the Dry Branch Coal Company is round, our scrip should be square or hexagon or some other shape.

Will you please acknowledge receipt of this letter.

Gentlemen:-

Your letter of July 3rd has not received our attention due to absence from the office, but we would again call your attention to the fact that the Scrip furnished our Ronda Mine should be entirely different from that of the Dry Branch Mine and other Mines near Ronda. In other words we want it distinctly different - that is if their Scrip is round then we want square or some other shape, and cannot be any question about Scrip taken in at our Ronda Store being that of our Company.

Will you please see that this is done?

November 3, 1934.

Mr. F. R. Sumerfield, Auditor  
The Dickinson Fuel Company  
Charleston, W. Va.

Dear Sir:

It has been our privilege in the past to supply Scrip assortments to -

Bailey Fuel Company, Toler, Ky.  
Quincy Coal Company, Quincy, W. Va.  
Coalburg Colliery Corporation, Ronda, W. Va.

Some time having elapsed since we have heard anything from either of the three operations and since, so we understand, they were a part of your group of operations, we wondered if you might be able to throw any light on the situation, so far as it concerns their failure to order any scrip fill-ins.

The courtesy of an early reply will be appreciated.

Cordially,

INGLE-SCHIERLOH COMPANY,
